DIG MY VET!
DIGITAL STRATEGIES FOR VET CENTRES

**The partners completed the first output of
the project –
DigMyVET Integration Handbook**

This handbook provides tips and tutorials on how to deal with new situations that the Covid – 19 pandemic has brought into every day lives of people all around the world. It had one of the main implications for school teching. Children, teachers and parents had to adapt to the new distance learning régime. Schools in most countries were forced to switch to online learning using various ICT tools adn systems.

The guide goes through many topics, such as how VET centres successfully implemented integration and change management, how to engage and support learners into the digital strategy and many more. You can also find interesting case studies from all European countries.

The guide can be foud here:
